Campus Security Policy and Campus Crime Statistics

ATA Career Education prepares this report every year in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The campus crime statistics in this report include those reported to campus officials and local law enforcement agencies. Copies of this report can be obtained upon request from the campus director.

This report includes statistics for the previous three years concerning reported crimes that have occurred on campus, or in public property immediately adjacent to the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault and alcohol and drugs on campus. This report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Annual Notice

It is the policy of ATA Career Education to inform current and prospective students, faculty, and staff of criminal activity that may have occurred on campus for the last three calendar years. Current employees and students will be notified at least annually thereafter.

School Policy on Reporting Crimes

It is the policy of ATA that all criminal actions occurring on or near the campus or at a school related activity are to be reported to the administrative staff who will in turn notify the local police department. Criminal actions that occur outside school operating hours are to be reported directly to the local police Hernando Co. Sheriff's Office (352) 754-6830 or to the Pinellas Co. Sheriff's Office by calling (727) 582-6200. In the event of imminent danger, the use of the 911 emergency call number is strongly recommended. The school will immediately alert the campus community in a timely manner of any crimes involving murder, rape, robbery, aggravated assault, burglary, vehicle theft and/or any of these crimes believed to show evidence of prejudice as prescribed by the Hate Crimes Statistics Act.

In all situations, an ATA Career Education Incident Report must be completed by the aggrieved person and/or witnesses and forwarded immediately to the Campus Director. ATA Career Education supports the enforcement of all local, state and federal laws and regulations. The school will cooperate with appropriate law enforcement agencies in the investigation of any illegal activity occurring on campus or at a school-related activity. Misrepresenting criminal activity or falsely reporting an incident could result in prosecution.

Drugs and Alcohol

School policy states that no student, employee or guest may possess, use, or sell liquor or drugs on campus or at any off-campus college-related activity. See the ATA Career Education Catalog and ATA Faculty/Staff Manual and You United Against Substance Abuse pamphlet for more information. These publications are available in the student lounge. The School will refer students in need of special help with substance abuse

problems to the appropriate local agencies for crisis intervention, information dissemination and counseling. For this information, please contact the Student Services Manager.

ATA Career Education has a zero tolerance alcohol/drug policy. ATA Career Education reserves the right to required unannounced drug or alcohol testing of any student at any time. Any student determined to be under the influence of drugs or alcohol as evidenced by a positive drug or alcohol test will be terminated from the School. The student does not have to have consumed these substances on campus to be considered under the influence. Under the influence is defined as any value higher than zero on a drug or alcohol test which cannot be verified as an acceptable dosage for substances prescribed by a physician. Any student who refuses to comply with requested drug or alcohol testing or who is unable to provide an adequate testing sample within the allotted time frame will be considered to be an automatic positive result which will result in termination from the School. Additionally, any student selling or distributing drugs or alcohol on school premises (including clinical and/or externship sites) will be terminated and, if appropriate, reported to the authorities.

Clinical Safety Policy

One of the primary responsibilities of the academic department directors is to ensure the safety of all students, faculty, clinical personnel, and patients both in the academic setting and at the clinical site. Therefore, it is the responsibility of the student to inform their designated academic department chair of any physical or mental condition which might in any way affect the student's ability to safely perform clinical skills on campus or at a clinical site. Any student who has a medical or treatment condition which may impair their cognitive abilities, skills, or judgment should notify the academic department chair prior to entering their designated program or immediately upon onset of the medical or treatment condition.

In addition, the program director has the authority to prevent a student from entering a clinical rotation if the student has exhibited evidence of erratic behavior or impaired judgment in the academic setting. The program director also has the right to remove a student from a clinical site if there is any evidence that the student is exhibiting erratic or abnormal behavior or has been found to exhibit inappropriate judgment in the clinical setting. Any student acting in a manner that is deemed unsafe or a danger to themselves or other persons in a campus course or clinical rotation may be removed from the course and/or the clinical setting. If the condition or behavior is such that it cannot be corrected with additional instruction or medical intervention it may be necessary for the student to be removed from the program of study or the School. The determination for removal will be considered by the academic program director along with the campus director of the School on an individual basis.

Sexual Assault and Harassment

Victims of sexual assault should get help as soon as possible. If you are physically injured, seek medical treatment immediately. Contact the school administration or appropriate law enforcement as soon as possible to report the incident. It is important to preserve any evidence of the crime to assist with the investigation. You should not bathe, wash or change clothes if possible before being examined at a medical facility. If the offense involves another student, disciplinary action may be initiated within the School. Sanctions may include required counseling and/or temporary suspension or dismissal. Both the accuser and the accused are entitled to have others present during any proceeding. The outcome of the proceedings will be provided to both the accuser and the accused for any proceedings where sexual

assault is alleged. The School will assist victims of sexual assault in notifying appropriate authorities, if requested. The Student Services Office can assist victims of sexual assault in seeking counseling, medical, or other related services. The School will attempt to assist with the victim's requested changes in academic situations wherever possible.

It is the policy of ATA Career Education that it will not tolerate verbal or physical conduct by any student, faculty, or staff member that harasses, disrupts, or interferes with another's education or which creates an intimidating, offensive, or hostile environment.

All forms of discrimination and harassment are prohibited, including but not limited to that based on race, color, national origin, religion, age, gender, sexual preference or orientation, pregnancy, disability, membership in the armed services, or any other protected status.

Harassment is defined as verbal or physical conduct designed to threaten, intimidate, or coerce. This may include, but is not limited to:

1. Offensive physical actions, written or spoken, and graphic communication
2. Any type of physical contact when the action is unwelcomed by the recipient
3. Expectations, requests, demands or pressure for sexual favors
4. Slurs, jokes, posters, cartoons, and gestures that are found to be offensive by someone else
5. Graphic or suggestive comments about an individual's dress or body.

Any student who believes that the actions or words of an individual or fellow student constitute unwelcome harassment has a responsibility to report the complaint as soon as possible to the Campus Director or to Student Services personnel. The School official will investigate all complaints of harassment in as prompt, impartial, and confidential manner as possible.

Any student who, after appropriate investigation, is found to have engaged in harassment of another student for any reason will be subject to appropriate disciplinary action up to and including termination from the School.

Likewise, there is to be no harassment of any form of students by faculty or administrative staff. Complaints by students of any harassing behavior from faculty or staff will be taken seriously and will be subject to investigation and disciplinary action. If you feel you are being harassed, contact the Campus Director.

Weapons on campus

Bringing a weapon onto school property is strictly prohibited. In order to protect all our students, ATA Career Education reserves the right to search any person (and their vehicle) who is suspected of concealing a firearm or other weapon. Any student involved in this activity will be terminated from the School and reported to the authorities.

Personal Safety

Individuals should always remain aware of their surroundings and report any suspicious or odd activity to the School Administration. Furthermore, the School affirms the right of each individual to protect themselves against imminent danger. Information is available on various safety and security issues through the Campus Director's Office. Questions regarding this report should be directed to Cindy Landry, Corporate Director of Accreditation and Compliance, ATA Career Education, 10180 Linn Station Road, Suite A-200, Louisville, KY 40223.

Campus Law Enforcement

ATA Career Education does not maintain its own law enforcement office, but uses the services of the appropriate county sheriff's office.

Security and access to campus facilities

Students are required to wear appropriate department uniforms and to have their name badge on them at all times while on campus. This is to help personnel identify persons on campus.

Reported Crimes

In compliance with the Campus Crime legislation, ATA Career Education reports campus crime statistics each year for the last three years. Campus statistics included in this report are for 2011 for both the Spring Hill and Largo campus. There are no procedures for the filing of anonymous crime reports or complaints that would render inclusion within this report.
